USSONAR

USSONAR **NEWSLETTER** Winter 2021

News from the Board

We are happy to report some updates regarding the 2020-2021 Fundamentals Course. We are currently in the midst of preparations for the mid year hands on joint scanning course. For the first time, because of the COVID19 pandemic, we are unable to do an in-person course that usually consists of hands-on scanning of patients and a cadaver-based joint injection session. However, we are excited to feature the use of Butterfly™ ultrasound machines which have a telemedicine platform, called the Butterfly Teleguidance™ which allows a mentor to a course participant who at bedside is performing an actual ultrasound scan on a person who is acting as the scanning model. Our Fundamentals course committee headed up by Dr Eugene Kissin has been busy training both mentors and participants alike about the platform and our partners at SRAHEC are preparing the Butterfly™ units, mailing them to the concerned participant(s) at various locations in North America.

Our Sponsor

The logo for AbbVie, featuring the word "abbvie" in a bold, dark blue, lowercase sans-serif font.

“AbbVie's mission is to discover and deliver innovative medicines that solve serious health issues today and address the medical challenges of tomorrow. We strive to have a remarkable impact on people's lives across several key therapeutic areas: immunology, oncology, neuroscience, eye care, virology, women's health and gastroenterology, in addition to products and services across its Allergan

Aesthetics portfolio."

Our Advanced Course grand rounds are in full swing. We are holding monthly sessions featuring issues related to the foot and ankle joint areas. Attendance has been consistently good at these sessions.

We are aware that many of us are pretty worn out by COVID19. We hope that USSONAR's educational (and social!) offerings offer a fun respite from all the tension at work. We miss all of our in-person meetings and we sincerely hope to resume these sometime soon. Stay safe!

Paul DeMarco, MD, RhMSUS (Arthritis & Rheumatism Associates PC, Wheaton, MD)
President, USSONAR Executive Board

Karina Torralba, MD, RhMSUS (Loma Linda University, Loma Linda, CA)
Secretary, USSONAR Executive Board
